Director of Online Programs

• Oversee all aspects of online education at the School of Social Work, not only for the Online MSW but for our other programs as well. These aspects include, but are not limited to, marketing/advertising, online course development, faculty recruitment/training, video classrooms and technology. Liaison with the university and SUNY regarding all online learning efforts.
Student Services Advisor

• Responsibilities include, but not limited to, advising graduate students enrolled in the Online MSW program regarding program information, school and university procedures, academic requirements, and NY State licensure/certificate requirements; developing virtual student support services such as new student orientation programs, workshops to enhance the whole student learning experience, and provide navigation assistance to both SSW & UB student support services; monitor and analyze academic progress and potential student needs or problem areas (i.e. writing skills, tutoring); assist with recruitment of prospective students and retention of current online learners.
Instructional Designer

• The primary responsibility is to provide Educational Technology support to the faculty, staff and researchers of the school. This responsibility focuses on training, supporting and facilitating faculty use of technology in the teaching, research and community outreach activities the school is involved in. This position will also help develop the school’s social media plan and provide support to staff on using social media tools. This position will also develop media for the school’s administrative units and web site.
Gearing up for the launch

• Seeking faculty champions
• Collaborating with institutional colleagues
• Enhancing technology & securing virtual classroom space
• Online advertising & recruiting students
• Student outreach & orientation
Faculty Champions

• The forerunners in distance education and online for our school are Barbara Rittner and Denise Krause. Barbara teaches a very asynchronous Psychopathology course while Denise teaches in our interventions sequence and an elective on solution focused practice in hybrid and streaming formats.
Online Learning Collaborative

• A few university colleagues were brought together by our Dean back in 2012 and we decided to create a group focused on online learning and invited for membership from every unit at the university. We meet monthly to work on common issues and goals for online education at UB.
Technology

• Video Lecture Capable Classrooms
• Webcam deployment
• Microsoft Lync
• Adobe Connect
• Bb Collaborate
• Technology enhanced conference rooms
Recruitment

- Google Ads
- Facebook Ads
- Radio Ads
- Online application
- Traditional recruiting strategies
- Open SUNY
Outreach & Orientation

• Contacted accepted students prior to first semester
• First cohort, virtual orientation, conducted over 1 synchronous session
• Second cohort, conducted over 3 synchronous sessions
• Third cohort, online orientation short-course and then 2 synchronous sessions
